For Bernard Venter. **Yes, it is apples with apples on the vehicles and the office. Not yet on the plant.** All three quotes beat ONE. Two print the wrong Sasria, Western is R1.6m short with no list, and Bryte trims the liability extensions.

Three ONE policies, three quotes, and where each one stands

WHAT THE CLIENT HAS TODAY

Three ONE policies (OMART Insure behind ONE), broker **Spectre Wealth**, all **new business 10 June 2026**, previously at CIB, renewal 1 June 2027, monthly, debit order on the 1st. **PAR/1015740** plant R30,429.25 · **COMM/1008951** Lesedi vehicles and office R34,733.42 · **COMM/1009095** Edgy Nicollo office R2,089.47. **R67,252.14 a month**, all reconcile.

PER MONTH	ONE	PRINTED	CORRECTED	APPLES WITH APPLES?
Plant: Western via FSP Solutions, Tanya Kapp	30,429.25	23,673.36	23,177.90	**No.** R1.6m short, no list
Vehicles and office: Bryte footer says Hollard	34,733.42	28,871.93	28,791.98	**Yes** on values, trimmed liability
Edgy: King Price COM00625A	2,089.47	1,616.21	1,616.21	**Yes**, copies ONE line by line
Programme	**67,252.14**	**54,161.50**	**53,586.09**	**−R13,666.05**

⚠ **SASRIA DIVIDED BY TEN, ON TWO OF THE THREE QUOTES**

Western: R29,727.58 a year printed as **R2,972.76** a month (true R2,477.30). Bryte: every Sasria line ÷10, R4,796.98 a year printed as **R479.70** (true R399.75). **Same spreadsheet fault as Lomaen, Vuyos and the Hollard/ASI quote on Bandini.** If the client checks the maths and it fails, the pack loses. Ask both to reissue.

WHERE THE R13,666 COMES FROM

R5,021.19 is Spectre's broker fees (R3,021.19 on the plant, R1,000 on each commercial policy), on top of R5,337.33 of commission: Spectre earns **R10,358.52 a month** on this client. None of our three quotes carries a fee (Bryte says "to be advised by broker": keep it at nil or the story changes). Insurer against insurer the saving is **R8,644.86**. Lead with the total, but know the split: if Spectre drops its fee to keep the client, R8,645 is what is left.

THE HONEST "FIXED" NUMBER

Western at the full R27,749,127 ≈ **R24,587.11**; Bryte with the Powerstar in the right Sasria class ≈ **R29,109.27**; King Price R1,616.21. **About R55,313 a month, R11,940 below ONE, about R143,000 a year.** That is the figure the client will end up paying.

Western's rate is better. Its list is missing and its excess is worse.

WHAT IS ON THE PLANT LIST (SO YOU KNOW THE CLIENT)

Six FAW JH5 water trucks (R1,410,475 each), **Fuso FJ26 ×2** (one a water truck, R2,098,446), **FAW J5N refuse truck** R1,784,225 (Wesbank), **Sinotruk Howo** R1,778,303, **Powerstar tippers ×2** R1,370,225, **Powerstar FT10 water truck** R1,095,950, **Fuso Canter cherry picker** R1,529,011 (Wesbank), **Shantui grader** R2,437,943, **Case 570 TLB** R1,316,750, **Giant TLB** R1,115,000, **two MF 290 tractors** R500,250 (one dated 2003, same value as the 2026: check), slasher R46,000, **Afrit trailer** R690,000. **A civil and municipal services contractor**, not a transporter and certainly not a market research firm. 14 road trucks sit on a plant policy.

⚠ THE ASK TO FSP / WESTERN

(1) Attach the list and match **all 21 items at current values, R27,749,127.25**, or tell us which one is R1,601,001 short; (2) correct the insured to **Lesedi Holding Solution (Pty) Ltd**, reg 2016/155131/07, VAT 4280295207; (3) reissue with Sasria ÷12; (4) quote the excess bands at today's R25,000 on the trucks and TLBs; (5) confirm road TP fire/explosion limit; (6) note Wesbank on the refuse truck and cherry picker; (7) confirm cover if plant is hired out with an operator.

PLAY 03

Bryte matches all 19 vehicles to the rand. It trims four liability extensions.

SAME VEHICLES, SAME VALUES, R5,994.88 CHEAPER ON MOTOR WITH CAR HIRE INCLUDED

Powerstar VX 2628 R1,167,250 · 5 D-Max 250C R316,300 · D-Max E-Cab R436,100 · 4 Mahindra · BMW 118 R812,090 · Haval · i10 · Triber · 4 Corolla Quest = **R7,477,282**, identical on both. Motor ONE R31,436.29 against Bryte R23,311.41 with excess waivers, plus **car hire R2,130** = R25,441.41. Office, BI, laptops, power surge, EE and PL limits identical; **Bryte's laptop premiums are ONE's to the cent** (R688.32 vs R688.34).

New spend		car hire R2,130, roadside R1,425, Office Buddy R225

⚠ THE ASK TO BRYTE (BERNARD/SASHKA ON THE QUOTE)

(1) Wrongful arrest and statutory defence back to **R250,000**, gratuitous advice **R1m**, spread of fire **R2m**; (2) the full excess table and what the waiver waives; (3) Powerstar into the 3,500kg-and-over Sasria class; (4) Sasria ÷12; (5) **which insurer**: Bryte title, "Quotation, Hollard Insurance Company" footer, same as Hamisa and Lomaen; (6) registrations on every vehicle; (7) turnover and wages on liability; (8) car hire terms (R25,560 a year); (9) broker fee stays nil.

STRIP-DOWN OPTION IF PRICE IS THE ONLY ARGUMENT

Without car hire (R2,130), roadside (R1,425) and Office Buddy (R225), Bryte drops another **R3,780 a month**. Do not lead with it: ONE's car hire on the LDVs is R126.04, so check what the client actually uses before cutting.

PLAY 04

Wrong business on the policy, D-Max tracking, and a King Price that is mostly the fee

1. ONE HAS THEM AS A "MARKETING RESEARCH FIRM"

COMM/1008951: **Description of business "Marketing Research Firms"**, repeated on the liability section; header business type "Transporter". Bryte wrote "Logistics / Hiring out / Commercial office risk only". The plant is water trucks, tippers and a grader. **Liability rated on a business they don't run, today.** Find out what they actually do (municipal water cartage? road works? plant hire?) and whether anything is **hired out**, then put the same description on all three new documents. That one sentence is the strongest reason to move with us rather than stay.

⚠ 2. THE D-MAX TRACKING CLAUSE ON THE CURRENT POLICY

ONE memo: **"Toyota Fortuner, Hilux, Prado, Landcruiser, Ford Ranger and Isuzu D-Max: an Early Warning System AND 1 SVR system (battery operated) is required ... non-compliance will result in no cover for Theft or Hi-jack."** Six D-Max on the policy. Ask what is fitted. 🛰️ **Cartrack lead:** 6 D-Max (two units each by ONE's rule), 13 other vehicles, and **21 plant items** including 14 road trucks worth R1.1m to R2.1m each. Up to 40 assets.

3. EDGY NICOLLO, PER MONTH

	ONE	KING PRICE	DIFF
Contents, BI, laptops, EE copied line for line	860.80	860.22	−0.58
Public liability R2.5m	130.47	656.25	+525.78
Sasria	98.20	99.75	+1.55
Spectre fee	1,000.00	0.00	−1,000.00
All in	**2,089.47**	**1,616.21**	−473.26

King Price is R526 dearer on premium; the saving is Spectre's fee. Ask King Price to re-rate the PL (Edgy is "Computer Software Development Offices", 0% loss ratio, 0 claims). PL item sits at **River Falls Office Park, Doringkloof, Centurion** on BOTH ONE and King Price; everything else at Rigel Ave. Confirm where Edgy works.

4. CLAIMS HISTORY

ONE records **"three year claims history submitted: No"** and assumes none. Western needs confirmation of claims experience, Bryte says "underwriting needs claims experience to raise new business", King Price shows 0% / 0 claims for Edgy. Get the CIB and ONE claims letters before any price is treated as firm.

PLAY 05

What to say, and what to get in writing

THE RECOMMENDATION

1. **Move all three.** R11,940 a month cheaper once fixed, better vehicle liability, and the business finally described correctly.
2. **Western reissued** with the 21-item list, the right name and Sasria ÷12.
3. **Bryte reissued** with liability extensions restored, an excess table, the Powerstar Sasria and the insurer named.
4. **King Price as is** , PL re-rated if they will.
5. **Start 1 December** , debit order on the 1st, notice to Spectre and ONE in November.
6. **Tracking** on the six D-Max now, then the plant conversation.

💬 **"Ons het eers in Junie na ONE toe geskuif."**

✓ "Ja, en dit was goeie werk om van CIB af te kom. Maar julle betaal Spectre R5,000 'n maand fooie bo-op die kommissie, en die polis sê julle is 'n market research firma. Ons kry julle R11,900 'n maand goedkoper en ons skryf julle besigheid reg op."

💬 **"Spectre sal die fooi afhaal."**

✓ "Dan is die verskil nog steeds R8,600 'n maand op die premie self, en die D-Max tracking en die besigheidsbeskrywing bly 'n probleem totdat iemand dit regmaak."

💬 **"Die excess op die plant is hoër by Western."**

✓ "Reg, op 'n water truck R40,000 teen R25,000. Ons het gevra dat Western dit na R25,000 bring. As hulle nie wil nie, is die rate steeds beter en ons wys jou die verskil in rand voor jy teken."
