Four documents, reconciled to the cent

Your current policy is **Old Mutual Insure LD/M/02/MSURE/699973904**, placed through Mellins Insure Brokerage, costing **R151,685.30** a month. We took the same eleven premises and the same fleet to three insurers. **All three came back below what you pay today.**

CURRENT • OLD MUTUAL R151,685.30 R1,820,224 a year	SANTAM • 40318049 R116,783.28 -R34,902.02 / mo	AUTO & GENERAL R135,249.12 -R16,436.18 / mo	BRYTE R135,638.93 -R16,046.37 / mo
---	---	--	---

SECTION	CURRENT	SANTAM	BRYTE	AUTO & GENERAL
Motor 61 vehicles today; Santam quotes 63.	R129,748.50	R101,104.10	R114,829.66	R110,208.95
Buildings combined Eleven premises. See page 03.	R6,781.80	R2,924.52	R3,416.25	R8,130.61
Glass	R4,537.24	R3,537.37	R4,683.46	R4,519.19
Business all risks	R4,766.75	R4,060.08	R3,794.83	R3,481.41

All-in per month	R151,685.30	R116,783.28	R135,638.93	R135,249.12

WHERE THE SAVING ACTUALLY COMES FROM

Motor is R28,644.40 of Santam's R34,902.02 — 82% of it — and Santam does that while quoting **two more vehicles** than your current schedule. This is a re-rating of the fleet, not a reduction in what is covered.

TWO CORRECTIONS WE HAVE MADE TO THE BRYTE QUOTATION

Bryte's schedule prints **R136,128.65** a month. Checking it line by line we found two arithmetic faults: the Sasria block is divided by ten rather than twelve, and the annual column carries **one premises of glass instead of five**, understating it by R44,079.60. The correct figure is **R135,638.93**, and a broker fee is still to be added. We have asked Bryte to reissue. **It does not change our recommendation — but you should be reading a number that adds up.**

Santam has dropped a zero on one building

We compared every premises on the Santam quotation against your current Old Mutual schedule. **Ten of the eleven match to the rand. One does not.**

PREMISES	YOUR CURRENT POLICY	SANTAM QUOTATION
Shop 8 Mapatleng Shopping Centre, Devland	R1,100,000	R1,100,000
9368 Mophiring Street, Orlando	R2,000,000	R2,000,000
2 Camphor Street, Tshiawelo	R1,500,000	R1,500,000
79 Livingstone Boulevard, Vanderbijlpark	R1,800,000	R1,800,000
1843 Khoza Road, Rusloo	R1,100,000	R1,100,000
1917 Tsubaki Street, Dube	R500,000	R500,000
3rd Floor Eyethu Mall, Orange Farm	R1,100,000	R1,100,000
51 Crutse Street, Jabavu	R1,100,000	R1,100,000
1 Friedlander Street, Roodepoort	R2,000,000	R2,000,000
285 Granville Avenue, Robertville Your largest building by a wide margin.	R15,000,000	R1,500,000
Total insured	R27,200,000	R13,700,000

⚠ WHAT WOULD HAPPEN AS THE QUOTATION STANDS

Robertville is insured for **R15,000,000** on the policy you hold today and **R1,500,000** on the Santam quotation. Bryte and Auto & General both carry the full R27,200,000, which ties exactly to your current schedule. **Santam is the one that is out, and the difference is a single missing digit.**

Left uncorrected, a fire at Robertville would be settled under the **average clause** — at roughly **ten cents in the rand**. Your largest building would be, in practical terms, uninsured.

✅ THIS DOES NOT CHANGE THE RECOMMENDATION

Buildings cost R2,924.52 a month at R13.7m. Correcting Robertville should add somewhere around **R2,900 to R3,400 a month** at the same rate. **Santam then lands near R120,000 a month and is still more than R31,000 a month below what you pay today.** We would rather show you the honest number than the headline one, so please read **≈R120,000** as the figure to plan on until Santam re-issues.

ONE THING WE WOULD LIKE YOU TO CHECK

Is R15,000,000 still the right figure for Robertville? It is more than half your entire property programme and it has carried forward on your schedule for some time. If it is right it needs a current valuation on file; if it is too high you have been paying for cover you do not need. Either way it is worth ten minutes.

Your liability cover stops at your front door

Your current public liability section is **R5,000,000**. Printed on the same page of your schedule are two restrictions. This is the first one, in full:

OLD MUTUAL INSURE • PUBLIC LIABILITY SECTION • WORK AWAY EXCLUSION

"The company will not indemnify the insured in respect of liability arising from any work carried out elsewhere than at the premises occupied by the insured."

Almost nothing your business does happens at your premises. The service is held at a church or a hall. The burial is at a municipal cemetery. The family is collected from home. The deceased is carried in your hearse, followed by your buses, along a public road, to a graveside your staff are working at.

△ WHAT THIS MEANS IN PRACTICE

A mourner injured at a graveside. A tent or a lowering device that fails at the cemetery. A member of the public hurt during a procession. **On the wording you hold today, the public liability section does not answer for any of it**, because none of it happens at premises you occupy.

Your schedule also carries a **spread of fire exclusion** — liability for a fire that spreads from your premises to a neighbour is excluded.

✓ WHAT THE MARKET WILL DO ABOUT IT

Bryte writes work away into the limit — its liability section reads *"General and Tenants / Workaway R5,000,000"* — for **R295.83 a month**.

Santam and Auto & General are silent on it, and we have asked both to confirm in writing whether liability away from the premises is covered before you decide. We would not place this policy anywhere without that answer.

WHY WE ARE RAISING IT NOW RATHER THAN AT RENEWAL

This is not a criticism of a quotation — it is a gap in the cover **you have been paying for**. It has been on your schedule all along and it costs very little to close. Moving insurer is the natural moment to fix it, which is why it is the first thing in this pack rather than a footnote.

ONE DISCLOSURE WE ARE OBLIGED TO MAKE

Your public liability is written on a **claims made** basis with a **retroactive date of 1 September 2025**. That means it responds to claims first made against you now, for work going back to that date. A new policy would start its own retroactive date at inception, so **approximately twelve months of past exposure would no longer be covered**. Because your current retroactive date is recent, the loss is one year rather than many — but you should decide with that in front of you, and we will record your instruction in writing.

You carry families. The limit is R2,500,000.

Sixteen of your vehicles are Mercedes Vito buses, carrying mourning families to and from a funeral. **Passenger liability is the cover that answers if one of them is in a serious accident — and it is R2,500,000 on your current policy and on all three quotations.**

MOTOR COVER	CURRENT	SANTAM	BRYTE	AUTO & GENERAL
Vehicles insured	61	63	61	61
Motor premium	R129,748.50	R101,104.10	R114,829.66	R110,208.95
Passenger liability Injury to the people you are carrying.	R2,500,000	R2,500,000	R2,500,000	R2,500,000
Third-party liability Injury or damage to others.	R2,500,000	R2,500,000	R5,000,000	R2,500,000
Contingent & parking facilities liability	—	—	R5,000,000	—

WHAT WE RECOMMEND REGARDLESS OF WHICH INSURER YOU CHOOSE

Ask for passenger liability at R5,000,000 and at R10,000,000, and let us show you what each costs. A single serious accident involving a full Vito passes R2,500,000 quickly, and everything above the limit falls on the business. **This is not something a quotation has taken away from you** — it is the limit you have carried at Old Mutual all along, and nobody has put the question to you. On a fleet this size the additional premium is usually modest, and it is the one change that would matter most on the worst day this business could have.

WHERE BRYTE IS GENUINELY BETTER

Bryte is the only market that lifts **third-party liability to R5,000,000** and adds contingent and parking-facilities liability at R5,000,000. If you do not want to pay R13,725.56 a month more for the whole Bryte motor section, the sensible alternative is to **ask Santam to price third party at R5,000,000** — the same protection, bought as an extension.

THREE VEHICLES WE WOULD LIKE TO ASK YOU ABOUT

A **2021 BMW X6 M at R2,514,000**, a **2012 Mercedes SL 500 at R1,635,000** and a **2023 Harley Davidson Tri Glide at R622,300** are on the fleet as business vehicles with pool drivers. That is **R4,771,300 — about 17% of the fleet value** — and none of them is a funeral vehicle. How they are described affects both what you pay and what is covered at a claim, so we would rather have it recorded correctly now.

What none of these covers

1 • REFRIGERATION FAILING, AND WHAT IS INSIDE IT

Deterioration of stock is not on your current policy and not on any of the three quotations. A funeral business refrigerates the deceased in its care. If a unit fails, or the power is off long enough, that is not a property claim and not a machinery claim — it is a deterioration claim, and there is no cover for it anywhere in front of you.

Worse: your current schedule carries an **Electricity Grid Interruption exclusion** which names *"the deterioration of stock, food or other items"* as excluded. Load-shedding and no deterioration cover is a live gap today, not a theoretical one. **For this trade it is the characteristic loss, and its consequences are not only financial.**

2 • INCOME, IF A BRANCH CLOSES

No business interruption cover on your current policy or on any quotation. Eleven trading premises and a programme costing R1.8 million a year, with nothing to replace the income if a branch burns and cannot trade for months. Salaries, rent and vehicle instalments continue regardless. **This is a standing gap, not something a new insurer has removed.**

ALSO WORTH CLOSING

- **Machinery breakdown** on the refrigeration plant itself — nowhere.
- **Money, fidelity** (theft by an employee) and **goods in transit** not selected on Auto & General.
- **Employers' liability** and **group personal accident** — with staff across eleven branches.
- **Theft:** Santam covers one premises only; **Bryte has no theft section at all.**
- An address on your schedule reads **"Orlando, Cato Ridge 3680"** — Cato Ridge is in KwaZulu-Natal. It has been copied onto the quotes. **A misdescribed address can cost a claim.**

WHERE SANTAM IS AHEAD ON DETAIL

- ✓ **Undertaker's equipment R50,000**, specifying two **lowering devices** by name.
- ✓ Medical, catering and vacuum equipment separately itemised.
- ✓ **63 vehicles** against 61 on your current schedule.

WORTH SAYING

Santam and Bryte are the only schedules that read as though they were written for a funeral business rather than a generic commercial risk. Both name the lowering devices.

What we need before this is placed

OUR RECOMMENDATION, IN ONE LINE

Move to Santam, once Robertville is corrected and the work-away question is answered in writing. On the corrected figure that is approximately **R120,000 a month against R151,685.30** — roughly **R380,000 a year** — while covering two more vehicles than you have today. We are not asking you to sign on the R116,783 headline, because it is not the number you would actually pay.

WHAT WE ARE DOING THIS WEEK

- 1 Santam to correct Robertville and re-issue**
R1,500,000 to R15,000,000, and the revised premium confirmed in writing before anything is signed.
- 2 Work away, confirmed by all three**
Bryte already includes it. Santam and Auto & General to confirm in writing that liability away from your premises is covered.
- 3 Passenger liability at R5m and R10m**
Priced on all three, so you can see what it costs to protect the families you carry. Third party lifted to R5,000,000 at the same time.
- 4 Deterioration of stock and business interruption**
Quoted across the eleven premises, so the decision is yours rather than an accident of what was asked for.
- 5 One reconciled fleet list**
63 vehicles on one quotation and 61 on the rest. We will agree one schedule so every market prices the same fleet.

WHAT WE NEED FROM YOU

- ✓ **Confirmation of the Robertville value** — R15,000,000, or a current valuation.
- ✓ **How the X6 M, SL 500 and Harley Davidson are used** in the business.
- ✓ **Confirmation of the trading premises** — we have eleven; please confirm nothing is missing, and correct the Cato Ridge address.
- ✓ **Three years of claims history**, which every market requires before going on risk.
- ✓ **Your instruction on the retroactive date**, so we can record it.

TIMING

Your anniversary is **3 September 2026**. Whatever you decide, the new cover must incept and the current policy be cancelled on the same date, so there is no gap in cover and no month where both are debited.
