INSURANCE REVIEW · 8 OCTOBER 2026

Three Markets. One Fleet. Five Companies.

Your Bryte fleet renewal set against VAPS and Hollard Trucking, and a review of what a food group of your size needs insured. **VAPS is the sharpest price on the vehicles; Hollard gives the strongest cover. Neither covers your loads or your products.**

MARKETS APPROACHED

Bryte, your current insurer

● VAPS Insurance Underwriters / Renasa

● Hollard Trucking

Three insurers, group by group

All three documents insure the fleet in groups rather than vehicle by vehicle. We have set them side by side per month. **Bryte has still to add an increase to its trucks, trailers and cars**, and has not said how much, so its real renewal figure will be higher than shown.

HOLLARD'S QUOTATION PRINTS R216,015.33 A MONTH

It divides the annual Sasria premium of R207,538.33 by ten instead of twelve, showing R20,753.83 a month instead of **R17,294.86**. The correct monthly total is **R212,556.36**. We will ask Hollard to reissue it.

WHEN BRYTE'S INCREASE LANDS

Every 5% that Bryte adds to its trucks, trailers and cars costs about **R8,034 a month**. At an increase of about **12%** Hollard becomes cheaper than Bryte as quoted; at about **17%** VAPS does.

Hollard leads on limits, VAPS on assistance

OUR READING

On cover, **Hollard is the strongest quotation**: double the third party limit, five times the fire limit, agreed values and a cash-back fund. On price and on excess for small claims, **VAPS is better** (page 4). Neither covers your loads, and the Bryte schedule we have requested will show what you hold today. We will not ask you to choose until all three are complete.

THE CONDITIONS THAT DECIDE WHETHER A CLAIM PAYS

CONDITION	VAPS / RENASA	HOLLARD TRUCKING
Tracking for theft cover	Tracking with recovery on every vehicle over R200,000; video telematics on long-haul trucks over R800,000; trailer units on trailers over R200,000.	Tracking with recovery on every self-propelled vehicle over R250,000. Two devices , one early warning, on Hilux and Fortuner from 2016, Prado from 2018, Land Cruiser 200 from 2017 and Lexus from 2018.
Cars and bakkies	VESA level 3 or 4, or factory alarm or immobiliser, under R200,000.	Alarm or immobiliser on every car and bakkie over R50,000.
Before cover starts	Signed quotation, application form, 3 years' written claims, bank letter.	Signed proposal form, 3-year claim-by-claim loss history, first premium.
Valid until	About 6 November 2026.	21 October 2026 (14 days).
To be corrected	Name misspelt; "Transport Contractor"; start date already past; one company named.	Sasria arithmetic; increased third party marked "No" but charged; a parking clause cut off mid-sentence; one company named.

The excess decides the real price

VAPS charges a percentage of the **claim**. Hollard charges a percentage of the **vehicle's value**, whatever the size of the claim. That difference matters most on small claims.

EXCESS	VAPS / RENASA	HOLLARD TRUCKING
Truck or trailer, accident	10% of the claim, minimum R30,000	5% of the vehicle's value, minimum R5,000
Car, SUV or bakkie, accident	5% of the claim, minimum R2,500	5% of the vehicle's value, minimum R5,000
Theft or hijack	15% of claim (heavy), 10% (light)	A further 10% of the vehicle's value
Driving 23h00 to 04h00	Plus 5% of the claim	Plus 5% of the claim
Third party damage	R7,500 heavy, R1,500 light	R5,000 heavy, R1,500 light
Windscreen	20%, minimum R500 / R350	20%, minimum R1,000 / R250
Excess reducers	Available, not taken	Available, not taken

ON AVERAGE VEHICLES, WHAT YOU PAY	VAPS	HOLLARD
Truck, R100,000 accident average truck about R630,000	30,000	32,100
Truck, R400,000 accident	40,000	32,100
Truck stolen	93,536	96,300
Car or SUV, R20,000 dent Hollard average R478,423: excess is more than the claim	2,500	20,000 (no payout)
Car or SUV, R100,000 accident	5,000	23,921
Bakkie, R20,000 accident Hollard average R181,471	2,500	9,074

WHAT THIS MEANS FOR YOU

On trucks the two are close, and Hollard is better on large accidents. On your **43 cars, SUVs and bakkies** Hollard's excess is several times VAPS's, and small claims would not be paid at all. The claims you declared total **R3,843,726**, half of it theft, so we will ask both insurers to price their excess reducers before you compare the premiums.

WHY TRACKING MATTERS FOR YOU

R1,876,816 of your declared claims were theft. Under both quotations, a vehicle above the threshold without a working, monitored tracking unit has **no theft cover at all**. On your fleet that is roughly 90 to 110 vehicles. It should be in place whichever insurer you choose.

THREE FLEETS, THREE COUNTS

Bryte has 42 trucks and 30 trailers, VAPS 42 and 32, Hollard 40 and 47. The totals are close but the split is not. **Your fleet list, vehicle by vehicle with agreed values**, will settle it, and every insurer should quote on the same list.

A fleet policy is a third of your insurance

THE BANDINI GROUP, FROM YOUR OWN WEBSITE

Impact Distributors distribution, sales, admin, finance	Robertsham
Bandini Cheese mozzarella, milk, butter, cream	Doornkop
Fresco Foods food manufacturing	Robertsham
Fresco Beverages bottling plant	Eikenhof
Elena's Delicatessen	to confirm

THE LAW THAT MATTERS MOST

Section 61 of the Consumer Protection Act makes the **producer, importer, distributor and retailer** each liable for harm caused by unsafe goods, **without proof of negligence**. Across the group you hold all four roles.

All five companies must be named on every policy. Each of the three motor quotations names Impact Distributors only.

COVER	WHY IT MATTERS FOR YOU	STATUS
Products liability	Food that makes someone ill, made, imported or sold by any of the five companies.	not yet seen, critical
Product recall and contamination	Withdrawing a contaminated batch from every customer. Usually a separate policy.	not yet seen, critical
Goods in transit	The load on a hijacked truck; spoilage if refrigeration fails on the road.	on none of the three
Deterioration of stock	Maturing cheese and chilled stock when cold rooms or power fail.	to confirm
Machinery breakdown	Pasteurisers, boilers, cold rooms, the bottling line.	to confirm
Business interruption	One cheese factory feeds the whole distribution business.	to confirm
Buildings, contents, stock	Robertsham, Doornkop and Eikenhof.	to confirm
Public and employers' liability	Visitors, contractors and staff at every site.	to confirm
Fidelity, money, accounts receivable	Finance staff, cash, customers buying on credit.	to confirm
Cyber liability	Online ordering and customer data under POPIA.	to confirm

WHY WE RAISE IT IN A FLEET REVIEW

South Africa's 2018 listeriosis outbreak showed how one contaminated product reaches every customer a distributor supplies. A food group's largest single loss is far more likely to come from a product than from a truck, and **we have not yet seen any policy that shows this cover is in place.**

Your full picture first, then one recommendation

WHAT WE WILL DO

- 1 **Your Bryte schedule**
Requested using the letter you signed on 2 October, with the renewal increase and your claims history.
- 2 **Find the rest of your cover**
Property, liability and recall may sit with another insurer. Tell us who.
- 3 **Close the gaps**
Products liability and recall, goods in transit and deterioration of stock, priced before anything moves.
- 4 **Even the quotations up**
VAPS and Hollard on your fleet list, all five companies named, excess reducers priced, Hollard reissued.
- 5 **One recommendation, in writing**
With every reduction in cover disclosed before you decide.

WHAT WE NEED FROM YOU

| ☐ Company numbers, all five | ☐ Which years your claims cover |
| ☐ Tracking fitted today, by whom | ☐ Truck departure times |

YOUR RECORD OF ADVICE

Replacing a policy means any reduction in cover must be disclosed to you in writing before you decide. We will list every reduction once we have Bryte's full schedule, before you are asked to sign anything.

BEST PRICE ON THE VEHICLES

VAPS

R186,472 a month on the vehicles alone, R6,489 below Bryte before its increase.

STRONGEST COVER

Hollard
