Bakers Tankers Pty Ltd, Bakers Bulk & Mg Carriers
For attention: Mr Z Essop
Policy holder: Bakers Tankers Pty Ltd, Bakers Bulk & Mg Carriers
15 Vereeniging Road
Alrode
Gauteng
1451

31 July 2026

Policy number: OT78078997

Dear Mr Essop,

Enclosed please find an updated schedule reflecting the changes to your policy.

Please note that this schedule replaces all prior schedules you have received from us.

We have updated our cover, offering **more value for money** so please review your cover accordingly. In addition, we wish to highlight the following benefits:

- Emergencies occur when we least expect them and help is at hand through **Help@OUT**, our free **24-hour emergency assistance** programme.
- Please read the paragraph headed "DO NOT TOW" under the vehicle section of your schedule.

Please contact your OUTsurance Broker on **067 382 8022** for any queries regarding your policy or claims, or if you need assistance in an emergency contact our OUTsurance Call centre on **08 600 70 000**.

Kind regards,
Virgil Niekerk
OUTsurance Broker

Collection fee

R0.00

Business

Total premium (Including VAT)

R97,875.36

Premium guarantee

You warrant that the information supplied is correct in every respect. It is therefore essential for you to verify that all the details noted on your schedule are correct. Should the information not be correct for any reason, you need to notify us as soon as possible. Should you, for example, verify your quote/schedule and notice that you forgot to mention a previous claim to us - you have to advise us and the premium will be corrected. Similarly, if you, for example, advise us that your vehicle must be covered for business use but our advisor incorrectly captured private use - the premium will also be corrected when you advise us of the error.

At OUTsurance, your premiums for all risks on cover will be reviewed on the annual anniversary date of the policy.

First amount payable

The first amount payable, also known as an excess, is the amount you pay on each and every claim. When you claim under more than one section, then multiple excesses will apply.

The first amount payable is determined for each section claimed for by using the following approach:

- 1. Fire, Accidental damage and Theft sections:** An excess per Column will apply. When you claim for multiple Column 5 items, then only the highest Column 5 excess will apply.
- 2. Vehicle sections:** An excess per vehicle will apply under all vehicle sections claimed for. Vehicles include motor vehicles, trailers, caravans, watercraft and motorcycles.
- 3. All other sections:** An excess per section will apply.

Different excesses per Column, vehicle or section

The excess per item is noted within each section of this policy. When you claim for additional/included perils with a different excess, then only that excess will apply for that item. When an additional excess applies, then this excess will also be payable in addition to the item's standard excess. The excess per Column, vehicle or section will be calculated as the highest excess per Column, vehicle or section.

VAT details

The total premium includes a **15% VAT amount of R12,766.35**. This schedule becomes a tax invoice as allowed by SARS after inception of cover when payment of the amount due has been made.

In terms of Binding General Ruling No.14 issued by a senior SARS official under section 89 of the Tax Administration Act No. 28 of 2011, this document together with proof of payment of the premium constitute an alternative to a tax invoice, debit note or credit note as contemplated in sections 20(7) and 21(5) of the VAT Act respectively. This is subject to the condition that this document contains the VAT registration number where the policy holder is a registered VAT vendor.

OUTbonus benefits

At the end of every three consecutive years of cover, up to **10%** of your paid insurance premiums can be paid back in cash depending on the claims ratio on this policy. The claims ratio is calculated as the total claim payments made on your policy, divided by the total premiums collected for your policy within the three year period. If your claims ratio is above **30%** you will not qualify for a Business OUTbonus payment. Based on your current claims ratio, your Business OUTbonus amount is projected at **R255,621.49** and will be paid to you on **27 February 2028**. Changes on your policy or your claims ratio may affect the value of your OUTbonus.

Previous incidents

Motor (fleet) - Vehicle incidents in the last ten years:

Previous incidents

None

Special conditions

- Your premium is based on your claims experience.
- Advice: The following vehicles have no cover for accessories. The accessories value should include the following:
 1. All non-factory fitted accessories and sound equipment for cars and LDVS.
 2. These also include items such as load bays and canopies and cooling units and signwriting. NB: The retail or market value will only cover the chassis and cab of a commercial vehicle - nothing else.
 - * Vehicle - 2009 - M.A.N. TGA 26.400 BLS L T/T C/C (INTRO 2006-10) - Registration number - JXH256MP
 - * Vehicle - 2009 - M.A.N. TGA 26.400 BLS L T/T C/C (INTRO 2006-10) - Registration number - JXH251MP
- OUTsurance does not provide cover in the following instances:
 - * for code 4 (demolished) vehicles
 - * when the vehicle transports money
 - * when the vehicle transports hazardous materials
 - * when the vehicle transports people
 - * when the vehicle is used as a taxi for business purposes
 - * when the vehicle is used on airports or airfields, or used on those parts of airport premises to which the public does not have free vehicle access
- Should the vehicle not be registered in South Africa we will only be able to provide liability cover.
- You must ensure that anyone driving the vehicle has a valid driver's license. The license and/or professional driving permit must also be the correct one/s for the specific vehicle type.

Business

- This vehicle is covered for liability to other people. The vehicle itself is not covered for any damage, theft nor hijack.

Do not tow

Your "DO NOT TOW" stickers will give you access to approved towing services in the event of a breakdown. Where a vehicle inspection is required, the stickers are available at the inspection centre otherwise your stickers will be mailed to you. Recent news reports have highlighted the ban on stickers on vehicle windows since they may obstruct visibility. We have confirmed that this ruling does not apply to emergency stickers as long as they are placed in positions which do not obstruct or restrict the driver's view. We therefore suggest that they should be placed on any of the side windows of your vehicle/s. In addition, the stickers will also help identify the fact that your vehicle is covered by OUTsurance and only our approved towing contractors may tow your vehicle in the event of a breakdown. Therefore, displaying the stickers can prevent unscrupulous tow operators from towing your vehicle/s and help to ensure that unnecessary towing costs are not incurred.

Special conditions
- Your premium is based on your claims experience. - The following vehicles requires fitment of an OUTsurance approved stolen vehicle recovery tracking device. This device must be in full working order at all times.

Business

Once you become aware that the vehicle has been stolen or hijacked, you must report the incident to the tracking company immediately in order to maximise their opportunity to recover the vehicle.

OUTsurance only accepts devices from Tracker, Netstar, Matrix, Bidtrack, Cartrack, C-Track, ACM, Autotrak, Eqstra, Intellidrive, Mtrack, Raptor, Selftrack, Tracetec, Trekkit365, FleetCam, Mzansi Tracker, Smartsurv, Intelligent Outcomes, Geotab, RMS ICAB, Fidelity, ORBCOMM Africa, Pulsit Electronics, Smarttrack SA, FFMS, EWCOP, TITAN and Lynx.

If the device is not installed or not in a working condition or the tracking subscription has not been paid, you will have no theft or hijack cover.

- Advice: The following vehicles have no cover for accessories. The accessories value should include the following:
 1. All non-factory fitted accessories and sound equipment for cars and LDVS.
 2. These also include items such as load bays and canopies and cooling units and signwriting. NB: The retail or market value will only cover the chassis and cab of a commercial vehicle - nothing else.

- OUTsurance does not provide cover in the following instances:
* for code 4 (demolished) vehicles
* when the vehicle transports money
* when the vehicle transports hazardous materials
* when the vehicle transports people
* when the vehicle is used as a taxi for business purposes
* when the vehicle is used on airports or airfields, or used on those parts of airport premises to which the public does not have free vehicle access
- Passenger liability covers you against legal liability following an accident anywhere in South Africa involving the insured vehicle, including getting on or off the vehicle, which causes death or bodily injury to fare-paying passengers. This includes legal costs which someone else can recover from you and which we agree to pay in order to settle or defend a claim against you. Secondary emotional shock will also be included as part of the standard cover. The maximum amount that you can claim for per incident, irrespective the number of passengers, is noted on your schedule. The following is not covered under passenger liability: 1. Liability for death or bodily injury suffered by: members of your household, the regular driver or any of your employees; any person in or on a vehicle that is being towed; and any passenger in the vehicle who is not in a permanently enclosed compartment designed by the original vehicle manufacturer to carry passengers other than purpose built game viewing vehicles. 2. Cover given by legislation or other insurance contracts: liability which is covered by any compulsory motor-vehicle insurance act; the road accident fund act; the occupational health and safety act; the compensation for occupational injuries and diseases act and any other insurance contract. 3. Liability where your vehicle claim was rejected: Any incident which causes death or injury to fare-paying passengers and where the claim for loss of or damage to the vehicle itself is not covered. E.g. If the driver is under the influence of alcohol and causes an accident and we reject the claim for damage to the vehicle, any liability claim for fare-paying passengers will also be rejected.
- There is no passenger liability cover for this vehicle when the incident occurs outside of South Africa.
- In order to enjoy cover for environmental impairment liability: (1) you must comply with the relevant road traffic legislation and regulations. (2) you must comply with the relevant legislation, statutory requirements, by-laws, regulations, guidelines, standards and best practises. (3) vehicles must be correctly licensed, registered, equipped and maintained in a full roadworthy condition. (4) drivers must be correctly licensed for the type of vehicle used and a

Business

professional driving permit for vehicles transporting dangerous goods will also be required. (5) owners, drivers and operators must be familiar with legislation and other requirements relating to the transport of dangerous substances and goods. (6) the loading and off loading operations must be carried out by a qualified person trained in the relevant procedures.

- Should the vehicle not be registered in South Africa we will only be able to provide liability cover.
- You must ensure that anyone driving the vehicle has a valid driver's license. The license and/or professional driving permit must also be the correct one/s for the specific vehicle type.
- Vehicle Credit Shortfall is an optional cover at an additional premium that covers you for the difference between the amount you owe in terms of the finance agreement and the insured value, following a total loss of your vehicle. If you do not include Vehicle Credit Shortfall this will not be covered in the event of a total loss claim.
- You are covered when the vehicle is used for business purposes while travelling in South Africa, Namibia, Botswana, Lesotho, Malawi, Mozambique, Swaziland, Zimbabwe, Tanzania, Kenya, Uganda, Rwanda, Burundi, Zambia, Angola and the Democratic Republic Of The Congo (all areas south of and inclusive of Kolwezi).
- The following costs are not covered:
 1. Border post delays.
 2. Administration costs.
 3. Incorrect permits.
 4. Incorrect or expired entry and exit documents.
 5. Fines, duties and taxes.
- There is no car hire or vehicle loss of use cover selected on this fleet risk. No rental vehicle costs will be covered in the event of a claim.

Do not tow

Your "DO NOT TOW" stickers will give you access to approved towing services in the event of a breakdown. Where a vehicle inspection is required, the stickers are available at the inspection centre otherwise your stickers will be mailed to you. Recent news reports have highlighted the ban on stickers on vehicle windows since they may obstruct visibility. We have confirmed that this ruling does not apply to emergency stickers as long as they are placed in positions which do not obstruct or restrict the driver's view. We therefore suggest that they should be placed on any of the side windows of your vehicle/s. In addition, the stickers will also help identify the fact that your vehicle is covered by OUTsurance and only our approved towing contractors may tow your vehicle in the event of a breakdown. Therefore, displaying the stickers can prevent unscrupulous tow operators from towing your vehicle/s and help to ensure that unnecessary towing costs are not incurred.

Previous incidents

None

Special conditions

- Your premium is based on your claims experience.
- The following vehicles requires fitment of an OUTsurance approved stolen vehicle recovery tracking device. This device must be in full working order at all times.

Business

Once you become aware that the vehicle has been stolen or hijacked, you must report the incident to the tracking company immediately in order to maximise their opportunity to recover the vehicle.

OUTsurance only accepts devices from Tracker, Netstar, Matrix, Bidtrack, Cartrack, C-Track, ACM, Autotrak, Eqstra, Intellidrive, Mtrack, Raptor, Selftrack, Tracetec, Trekit365, FleetCam, Mzansi Tracker, Smartsurv, Intelligent Outcomes, Geotab, RMS ICAB, Fidelity, ORBCOMM Africa, Pulsit Electronics, Smarttrack SA, FFMS, EWCOP, TITAN and Lynx.

If the device is not installed or not in a working condition or the tracking subscription has not been paid, you will have no theft or hijack cover.

* Vehicle - 2023 - FORD RANGER 2.0D XL A/T D/C P/U (INTRO 2022-12) - Registration number - KZ73CSGP

- The following vehicles requires fitment of a stolen vehicle recovery tracking device. This device must be in full working order at all times. Once you become aware that the vehicle has been stolen or hijacked, you must report the incident to the tracking company immediately in order to maximise their opportunity to recover the vehicle. If the device is not installed or not in a working condition or the tracking subscription has not been paid, you will have no theft or hijack cover.

* Vehicle - 2016 - BMW I8 (INTRO 2015-02) - Registration number - BAKER18GP

- Advice: The following vehicles have no cover for accessories. The accessories value should include the following:
 1. All non-factory fitted accessories and sound equipment for cars and LDVS.
 2. These also include items such as load bays and canopies and cooling units and signwriting. NB: The retail or market value will only cover the chassis and cab of a commercial vehicle - nothing else.

- OUTsurance does not provide cover in the following instances: * for code 4 (demolished) vehicles * when the vehicle transports money * when the vehicle transports hazardous materials * when the vehicle transports people * when the vehicle is used as a taxi for business purposes * when the vehicle is used on airports or airfields, or used on those parts of airport premises to which the public does not have free vehicle access
- The following vehicles' values are nominated. Cover is therefore conditional upon obtaining a valuation certificate from a suitable source. * Vehicle - 1955 - FORD CUSTOMLINE V8 (IMPORTED RHD) - Registration number - JH89CXGP
- Please note that due to the age/scarcity of this vehicle there is a possibility that it may be difficult to source either a panel beater and/or replacement parts for this vehicle. This could result in delays during the claims process in which case OUTsurance Business may decide to offer you a cash in lieu settlement for the damages. * Vehicle - 1955 - FORD CUSTOMLINE V8 (IMPORTED RHD) - Registration number - JH89CXGP
- Passenger liability covers you against legal liability following an accident anywhere in South Africa involving the insured vehicle, including getting on or off the vehicle, which causes death or bodily injury to fare-paying passengers. This includes legal costs which someone else can recover from you and which we agree to pay in order to settle or defend a claim against you. Secondary emotional shock will also be included as part of the standard cover. The maximum amount that you can claim for per incident, irrespective the number of passengers, is noted on your schedule. The following is not covered under passenger liability: 1. Liability for death or bodily injury suffered by: members of your household, the regular driver or any of your employees; any person in or on a vehicle that is being towed; and any passenger in the vehicle who is not in a permanently enclosed compartment designed by the original vehicle manufacturer to carry passengers other than purpose built game viewing vehicles. 2. Cover given by legislation or other insurance contracts: liability which is covered by any compulsory motor-vehicle insurance act; the road accident fund act; the occupational health and safety act; the compensation for occupational injuries and diseases act and any other insurance contract. 3. Liability where your vehicle claim was rejected: Any incident which causes death or injury to fare-paying passengers and where the claim for loss of or damage to the vehicle itself is not covered. E.g. If the driver is under the influence of alcohol and causes an accident and we reject the claim for damage to the vehicle, any liability claim for fare-paying passengers will also be rejected.
- There is no passenger liability cover for this vehicle when the incident occurs outside of South Africa.
- Optional environmental impairment liability cover is available for when you transport dangerous substances and goods. You can be held legally liable for an environmental incident as a direct consequence of the transportation of dangerous substances and goods in or on any vehicle used in the course of your business operations. This usually covers clean-up, rehabilitation, investigation, monitoring, control measures, maintenance and legal costs relating to an environmental incident or claim against you.
- Should the vehicle not be registered in South Africa we will only be able to provide liability cover.
- You must ensure that anyone driving the vehicle has a valid driver's license. The license and/or professional driving permit must also be the correct one/s for the specific vehicle type.

Business

- Vehicle Credit Shortfall is an optional cover at an additional premium that covers you for the difference between the amount you owe in terms of the finance agreement and the insured value, following a total loss of your vehicle. If you do not include Vehicle Credit Shortfall this will not be covered in the event of a total loss claim.
- You are covered when the vehicle is used for business purposes while travelling in South Africa, Namibia, Botswana, Lesotho, Malawi, Mozambique, Swaziland, Zimbabwe, Tanzania, Kenya, Uganda, Rwanda, Burundi, Zambia, Angola and the Democratic Republic Of The Congo (all areas south of and inclusive of Kolwezi).
- The following costs are not covered:
 1. Border post delays.
 2. Administration costs.
 3. Incorrect permits.
 4. Incorrect or expired entry and exit documents.
 5. Fines, duties and taxes.
- There is no car hire or vehicle loss of use cover selected on this fleet risk. No rental vehicle costs will be covered in the event of a claim.

Do not tow

Your "DO NOT TOW" stickers will give you access to approved towing services in the event of a breakdown. Where a vehicle inspection is required, the stickers are available at the inspection centre otherwise your stickers will be mailed to you. Recent news reports have highlighted the ban on stickers on vehicle windows since they may obstruct visibility. We have confirmed that this ruling does not apply to emergency stickers as long as they are placed in positions which do not obstruct or restrict the driver's view. We therefore suggest that they should be placed on any of the side windows of your vehicle/s. In addition, the stickers will also help identify the fact that your vehicle is covered by OUTsurance and only our approved towing contractors may tow your vehicle in the event of a breakdown. Therefore, displaying the stickers can prevent unscrupulous tow operators from towing your vehicle/s and help to ensure that unnecessary towing costs are not incurred.

Secondary emotional shock will also be included as part of the standard cover. The maximum amount that you can claim for per incident, irrespective of the number of passengers, is noted on your schedule. The following is not covered under passenger liability: 1. Liability for death or bodily injury suffered by: members of your household, the regular driver or any of your employees; any person in or on a vehicle that is being towed; and any passenger in the vehicle who is not in a permanently enclosed compartment designed by the original vehicle manufacturer to carry passengers other than purpose built game viewing vehicles. 2. Cover given by legislation or other insurance contracts: liability which is covered by any compulsory motor-vehicle insurance act; the road accident fund act; the occupational health and safety act; the compensation for occupational injuries and diseases act and any other insurance contract. 3. Liability where your vehicle claim was rejected: Any incident which causes death or injury to fare-paying passengers and where the claim for loss of or damage to the vehicle itself is not covered. E.g. If the driver is under the influence of alcohol and causes an accident and we reject the claim for damage to the vehicle, any liability claim for fare-paying passengers will also be rejected.
- There is no passenger liability cover for this vehicle when the incident occurs outside of South Africa.
- In order to enjoy cover for environmental impairment liability: (1) you must comply with the relevant road traffic legislation and regulations. (2) you must comply with the relevant legislation, statutory requirements, by-laws, regulations, guidelines, standards and best practises. (3) vehicles must be correctly licensed, registered, equipped and maintained in a full roadworthy condition. (4) drivers must be correctly licensed for the type of vehicle used and a professional driving permit for vehicles transporting dangerous goods will also be required. (5) owners, drivers and operators must be familiar with legislation and other requirements relating to the transport of dangerous substances and goods. (6) the loading and off loading operations must be carried out by a qualified person trained in the relevant procedures.
- Should the vehicle not be registered in South Africa we will only be able to provide liability cover.

Business

- You must ensure that anyone driving the vehicle has a valid driver's license. The license and/or professional driving permit must also be the correct one/s for the specific vehicle type.
- Vehicle Credit Shortfall is an optional cover at an additional premium that covers you for the difference between the amount you owe in terms of the finance agreement and the insured value, following a total loss of your vehicle. If you do not include Vehicle Credit Shortfall this will not be covered in the event of a total loss claim.
- You are covered when the vehicle is used for business purposes while travelling in South Africa, Namibia, Botswana, Lesotho, Malawi, Mozambique, Swaziland, Zimbabwe, Tanzania, Kenya, Uganda, Rwanda, Burundi, Zambia, Angola and the Democratic Republic Of The Congo (all areas south of and inclusive of Kolwezi).
- The following costs are not covered:
 1. Border post delays.
 2. Administration costs.
 3. Incorrect permits.
 4. Incorrect or expired entry and exit documents.
 5. Fines, duties and taxes.
- There is no car hire or vehicle loss of use cover selected on this fleet risk. No rental vehicle costs will be covered in the event of a claim.

Do not tow

Your "DO NOT TOW" stickers will give you access to approved towing services in the event of a breakdown. Where a vehicle inspection is required, the stickers are available at the inspection centre otherwise your stickers will be mailed to you. Recent news reports have highlighted the ban on stickers on vehicle windows since they may obstruct visibility. We have confirmed that this ruling does not apply to emergency stickers as long as they are placed in positions which do not obstruct or restrict the driver's view. We therefore suggest that they should be placed on any of the side windows of your vehicle/s. In addition, the stickers will also help identify the fact that your vehicle is covered by OUTsurance and only our approved towing contractors may tow your vehicle in the event of a breakdown. Therefore, displaying the stickers can prevent unscrupulous tow operators from towing your vehicle/s and help to ensure that unnecessary towing costs are not incurred.

- OUTsurance Business does not provide cover for trailers used for the following purposes: * Transport - money * Towing
- Should the vehicle not be registered in South Africa we will only be able to provide liability cover.
- Outsurance Business does not offer cover if the driver of the vehicle towing the trailer does not have a valid driver's licence.
- You are covered when the vehicle is used for business purposes while travelling in South Africa, Namibia, Botswana, Lesotho, Malawi, Mozambique, Swaziland, Zimbabwe, Tanzania, Kenya, Uganda, Rwanda, Burundi, Zambia, Angola and the Democratic Republic Of The Congo (all areas south of and inclusive of Kolwezi).
- The following costs are not covered: 1. Border post delays. 2. Administration costs. 3. Incorrect permits. 4. Incorrect or expired entry and exit documents. 5. Fines, duties and taxes.
- There will be no cover if a trailer is rented or leased to a third party.
- Where a vehicle's value is nominated, the nominated value should be the average retail value for a similar vehicle of the same make and model and in similar condition. It is your responsibility to keep this value updated. If you do not update the nominated value, it will not change. In the event of loss or damage to the vehicle, OUTsurance will determine the value of the vehicle as stipulated in the policy wording.

Business

Do not tow

Your "DO NOT TOW" stickers will give you access to approved towing services in the event of a breakdown. Where a vehicle inspection is required, the stickers are available at the inspection centre otherwise your stickers will be mailed to you. Recent news reports have highlighted the ban on stickers on vehicle windows since they may obstruct visibility. We have confirmed that this ruling does not apply to emergency stickers as long as they are placed in positions which do not obstruct or restrict the driver's view. We therefore suggest that they should be placed on any of the side windows of your vehicle/s. In addition, the stickers will also help identify the fact that your vehicle is covered by OUTsurance and only our approved towing contractors may tow your vehicle in the event of a breakdown. Therefore, displaying the stickers can prevent unscrupulous tow operators from towing your vehicle/s and help to ensure that unnecessary towing costs are not incurred.

- OUTsurance Business does not provide cover for trailers used for the following purposes: * Transport - money * Towing
- Should the vehicle not be registered in South Africa we will only be able to provide liability cover.
- Outsurance Business does not offer cover if the driver of the vehicle towing the trailer does not have a valid driver's licence.
- This vehicle is covered for limited cover. Should this vehicle be in an accident, there will be no cover for the damages to the vehicle. If you require cover for damages resulting from an accident, please choose our Comprehensive cover. Under Limited cover you have cover for damage caused only by fire, theft and hijack.
- You are covered when the vehicle is used for business purposes while travelling in South Africa, Namibia, Botswana, Lesotho, Malawi, Mozambique, Swaziland, Zimbabwe, Tanzania, Kenya, Uganda, Rwanda, Burundi, Zambia, Angola and the Democratic Republic Of The Congo (all areas south of and inclusive of Kolwezi).
- The following costs are not covered: 1. Border post delays. 2. Administration costs. 3. Incorrect permits. 4. Incorrect or expired entry and exit documents. 5. Fines, duties and taxes.
- There will be no cover if a trailer is rented or leased to a third party.
- Where a vehicle's value is nominated, the nominated value should be the average retail value for a similar vehicle of the same make and model and in similar condition. It is your responsibility to keep this value updated. If you do not update the nominated value, it will not change. In the event of loss or damage to the vehicle, OUTsurance will determine the value of the vehicle as stipulated in the policy wording.

Business

Do not tow

Your "DO NOT TOW" stickers will give you access to approved towing services in the event of a breakdown. Where a vehicle inspection is required, the stickers are available at the inspection centre otherwise your stickers will be mailed to you. Recent news reports have highlighted the ban on stickers on vehicle windows since they may obstruct visibility. We have confirmed that this ruling does not apply to emergency stickers as long as they are placed in positions which do not obstruct or restrict the driver's view. We therefore suggest that they should be placed on any of the side windows of your vehicle/s. In addition, the stickers will also help identify the fact that your vehicle is covered by OUTsurance and only our approved towing contractors may tow your vehicle in the event of a breakdown. Therefore, displaying the stickers can prevent unscrupulous tow operators from towing your vehicle/s and help to ensure that unnecessary towing costs are not incurred.

- OUTsurance Business does not provide cover for trailers used for the following purposes: * Transport - money * Towing
- Should the vehicle not be registered in South Africa we will only be able to provide liability cover.
- Outsurance Business does not offer cover if the driver of the vehicle towing the trailer does not have a valid driver's licence.
- Vehicle Credit Shortfall is an optional cover at an additional premium that covers you for the difference between the amount you owe in terms of the finance agreement and the OUTsured value, following a total loss of your caravan. If you do not include Vehicle Credit Shortfall this will not be covered in the event of a total loss claim.
- You are covered when the vehicle is used for business purposes while travelling in South Africa, Namibia, Botswana, Lesotho, Malawi, Mozambique, Swaziland, Zimbabwe, Tanzania, Kenya, Uganda, Rwanda, Burundi, Zambia, Angola and the Democratic Republic Of The Congo (all areas south of and inclusive of Kolwezi).
- The following costs are not covered: 1. Border post delays. 2. Administration costs.

Business

3. Incorrect permits.
4. Incorrect or expired entry and exit documents.
5. Fines, duties and taxes.

- There will be no cover if a trailer is rented or leased to a third party.
- Where a vehicle's value is nominated, the nominated value should be the average retail value for a similar vehicle of the same make and model and in similar condition. It is your responsibility to keep this value updated. If you do not update the nominated value, it will not change. In the event of loss or damage to the vehicle, OUTsurance will determine the value of the vehicle as stipulated in the policy wording.

Do not tow

Your "DO NOT TOW" stickers will give you access to approved towing services in the event of a breakdown. Where a vehicle inspection is required, the stickers are available at the inspection centre otherwise your stickers will be mailed to you. Recent news reports have highlighted the ban on stickers on vehicle windows since they may obstruct visibility. We have confirmed that this ruling does not apply to emergency stickers as long as they are placed in positions which do not obstruct or restrict the driver's view. We therefore suggest that they should be placed on any of the side windows of your vehicle/s. In addition, the stickers will also help identify the fact that your vehicle is covered by OUTsurance and only our approved towing contractors may tow your vehicle in the event of a breakdown. Therefore, displaying the stickers can prevent unscrupulous tow operators from towing your vehicle/s and help to ensure that unnecessary towing costs are not incurred.

Business

SASRIA

SASRIA Motor - Fleet		Premium
Minimum premium R4,54		R20,846.78
Cover details		
Motor (fleet) - vehicle		
Motor (fleet) - trailer		

Total premium **R20,846.78**

Additional SASRIA Information	
*	Additional Increased Cost of Working selected and 1.5x normal SASRIA rate applicable to this exposure.
**	Trailer has been selected on this risk and the applicable trailer SASRIA premium has been included.
***	This vehicle type covered by the motor risk is classified as Material Damage by SASRIA and is excluded from the Material Damage total exposure.
****	There is a first amount payable in respect of each theft claim as a result of a SASRIA insured peril. The first amount payable will be 0.1% of the Contract Value of the specific contract against which the claim is made, subject to a minimum of R250.
*****	There is a first amount payable in respect of each and every theft claim as a result of a SASRIA insured peril. The first amount payable will be 0.1% of the Contract Value of the specific contract against which the claims is made, subject to a minimum of R2 500.

Business

POLICY UNDERWRITING

Special conditions

- The Business OUTbonus is applicable on this policy. At the end of every three years of cover, up to 10% of your paid insurance premiums can be paid back in cash depending on the claims ratio on this policy. The claims ratio is calculated as the total claim payments made on your policy, divided by the total premiums collected for your policy within the three year period. If your claims ratio is above 30% you will not qualify for a Business OUTbonus payment. Changes to your policy or your claims ratio may affect the value of your OUTbonus.
- Please refer to your policy wording and schedule for a list of available covers, including optional covers. Contact us to add or discuss any of these covers that you feel your business might need.
- This policy does not cover any loss, damage or liability directly or indirectly caused by a total or partial interruption, interference, failure or suspension of the supply of electricity or restoration thereof.
This exclusion does not apply to power surge events resulting from load shedding. Load shedding is defined as scheduled electricity supply interruptions implemented by any party other than the insured, implemented in phases, which does not affect a whole municipality, province or country simultaneously.
- Based on your industry and the cover selected on this policy, we recommend the following cover(s) subject to underwriting approval:
 - * Motor Traders External
 - * Motor Traders Internal

Disclosure Notice to Policyholder

OUTsurance Insurance Company Ltd is an approved Financial Services Provider. Please note: this disclosure does not form part of the insurance contract.

As a short-term insurance policy holder you have the right to the following information:

Information about us as an FSP: OUTsurance is authorised to provide financial advice and intermediary services on the Personal and Commercial lines Short-Term insurance products and Long-Term Insurance subcategory A, B1 and B1-A.

Our contact information

1241 Embankment Road	PO Box 8443	Sales	08 600 60 000
Zwartkop Ext 7	Centurion	Claims & Client Care	08 600 70 000

Public Officer	publicofficer@out.co.za	Whistle Blowing Line	08 002 04 855

How to lodge a claim: all claims are lodged telephonically. Contact 08 600 70 000. Refer to Your OUTsurance Policy in the Policy Document for further information.

Other matters of importance:

- You will be informed of any material changes to the information referred above.
- Please read through all the documents we send you to ensure that you understand the contents thereof.
- For your protection, OUTsurance records all telephone calls and you may request access to them.
- OUTsurance has Professional Indemnity insurance and accepts responsibility for the financial advice of its Representatives, acting in the scope and course of their employment. Some of our representatives work under supervision as defined in the Determination of Fit and Proper Requirements.
- You are entitled to a copy of the Policy Documents free of charge.
- OUTsurance sales advisors are full-time employees. Their salaries are performance based and determined with due regard to fair outcomes for clients.
The appropriateness of advice might be limited if a full financial analysis could not be conducted and might not be suitable for your specific needs. Please take particular care to consider whether the product you selected is appropriate.
- Our complaints resolution process is [available on our website](#).
- The premium payable and the due date are indicated on the Schedule. There will be no cover for the period for which premium was not paid and claims submitted during that period may be rejected. Non-payment of premium may further lead to the cancellation or suspension of cover.
- We must give written reason/s for repudiating your claim.

Claims-related queries: if you dispute the outcome of your claim you may address these directly with us. If the matter is not resolved to your satisfaction, you may address your queries to:
