The Bandini Group

Impact Distributors (Pty) Ltd · Robertsham

INSURANCE REVIEW · 8 OCTOBER 2026

Five Companies. Three Sites. One Fleet Quote.

Your Bryte fleet renewal set against a full fleet quotation from VAPS, and a review of what a food group of your size needs insured. **On the same vehicles VAPS is slightly cheaper than Bryte's renewal before its increase. The bigger question is what neither fleet policy covers.**

YOU PAY TODAY

R192,961/mo

Bryte renewal, before its increase

VAPS AS QUOTED

R219,942/mo

● VAPS Insurance Underwriters / Renasa

Bryte against VAPS, group by group

Bryte's October 2026 renewal summary gives an annual premium per vehicle group. VAPS quotation VAPS54248 does the same. We have divided Bryte's figures by twelve and set them beside VAPS's monthly figures. **Bryte says an increase is still to be applied to the trucks, trailers and cars, and has not said how much**, so its real renewal figure will be higher than shown.

BRYTE, BEFORE INCREASE

R192,960.56

R2,315,526.71 a year

VAPS, SAME VEHICLES

R186,471.79

-R6,488.77 a month

VAPS, AS QUOTED

R219,941.79

+R26,981.23, adds roadside and windscreen

VEHICLE GROUP	BRYTE	VAPS	MOVEMENT	UNITS B / V
Trucks Bryte R28,060,000 · VAPS R26,190,000	76,338.67	81,843.75	+5,505.08	42 / 42
Trailers Bryte "goods vehicles" R18,790,000 · VAPS R19,346,000	43,843.33	32,243.33	-11,600.00	30 / 32
SUVs Bryte R10,492,040 · VAPS R11,594,000	28,168.80	36,231.25	+8,062.45	19 / 19
Bakkies and cars Bryte R4,048,690 · VAPS R3,930,000	12,336.07	12,281.25	-54.82	19 / 24
Special types, tractors, implements, bus Bryte third party only R7,797,000 · VAPS comprehensive R6,359,000	15,738.33	4,677.51	-11,060.82	49 / 38
Sasria	16,535.36	19,194.70	+2,659.34	
Same vehicles, per month	192,960.56	186,471.79	-6,488.77	159 / 155
VAPS roadside assist R20,000 a year per truck, R5,000 per light vehicle	not stated	23,270.00	+23,270.00	
VAPS windscreen cover R15,000 a vehicle, 85 road vehicles	not stated	10,200.00	+10,200.00	
As quoted, per month	192,960.56	219,941.79	+26,981.23	

WHERE THE TWO DISAGREE

- **Your plant and special types.** Bryte insures 49 for **third party only**: if one is stolen or damaged, Bryte pays nothing for it. VAPS insures 38 comprehensively for less.
- **Trucks** carry R1,870,000 more at Bryte, trailers R556,000 more at VAPS.
- **Four more units** at Bryte, and the light vehicles are split differently.

WHY THIS IS NOT YET A FINAL FIGURE

- Bryte's increase on trucks, trailers and cars is not stated.
- We have Bryte's renewal summary, not its schedule, so we cannot yet compare limits, extensions or excesses line by line.
- Both quotations are subject to your written three-year claims history.

A fleet policy is a third of your insurance

THE BANDINI GROUP, FROM YOUR OWN WEBSITE

Impact Distributors distribution, sales, admin, finance	Robertsham head office
Bandini Cheese mozzarella, milk, butter, cream	Doornkop factory
Fresco Foods food manufacturing	Robertsham
Fresco Beverages bottling plant	Eikenhof
Elena's Delicatessen	to confirm

WHAT THAT MEANS FOR INSURANCE

You **make** food, **import and distribute** it, and **deliver** it in your own trucks. Each of those carries its own risk. **All five companies must be named on every policy:** the VAPS quotation names Impact Distributors only, and a claim by a company that is not named can fail on that alone.

The VAPS and Bryte quotations both cover vehicles only. The table shows the rest of what a group like yours needs, and what we still have to confirm you hold.

COVER	WHY IT MATTERS FOR YOU	STATUS
Products liability	Food that makes someone ill. You make, import and distribute (page 4).	to confirm, critical
Product recall and contamination	Pulling a contaminated batch from every shelf and pizzeria.	to confirm, critical
Goods in transit	The load on a hijacked truck, and spoilage if its refrigeration fails.	not on either fleet quote
Deterioration of stock	Maturing cheese and chilled stock lost when cold rooms or power fail.	to confirm
Machinery breakdown	Pasteurisers, boilers, cold rooms, the bottling line.	to confirm
Business interruption	One cheese factory feeds the whole distribution business.	to confirm
Buildings, contents, stock	Three sites; stock at the factory, warehouse and plant.	to confirm
Public and employers' liability	Visitors, customers, contractors and staff at every site.	to confirm
Pollution liability	Dairy effluent at Doornkop; refrigerant leaks.	to confirm
Fidelity, money, accounts receivable	Finance staff, cash, and customers who buy on credit.	to confirm
Cyber liability	Online ordering and customer data under POPIA.	to confirm

SITE	ADDRESS	THE RISK THAT MATTERS MOST THERE
Head office	15 Landsborough Street, Robertsham	Stock, Fresco Foods production, finance, the fleet base
Cheese factory	Plot 109, Hopewell Street, Doornkop	Cold rooms, maturing cheese, boilers, effluent
Bottling plant	96 Bronk Drive, Eikenhof	The bottling line, product contamination

HOW WE WILL CONFIRM IT

You signed a broker authorisation letter on 2 October. With it we can ask Bryte directly for the full schedule of policy COM208596JB and any other policy it holds for the group. If your property and liability cover sits with a different insurer, a second letter covers that.

Products liability and recall

Section 61 of the Consumer Protection Act makes the **producer, importer, distributor and retailer** of goods each liable for harm the goods cause, **whether or not anyone was negligent**. Across the group you hold all four roles: Bandini Cheese and Fresco produce, Impact Distributors imports and distributes, and Elena's Delicatessen sells.

COVER	WHAT IT PAYS FOR	WHAT TO CHECK ON YOUR POLICY
Products liability	Claims from people made ill or injured by your products, and the legal costs of defending them.	Limit per event and in aggregate; all five companies named; imported products included; any "manufacturing or preparation" exclusion.
Product recall and contamination	The cost of withdrawing a batch from customers, destroying it, and the lost profit. Usually a separate policy.	Whether you hold it at all; limit; whether government or customer-ordered recalls are included.
Public liability	Injury or damage to others at your sites or on delivery.	Limit; spread of fire; work done at customers' premises.
Employers' liability	Claims by staff beyond COIDA.	Limit; all companies named.
Pollution liability	Dairy effluent and refrigerant leaks.	Sudden and accidental only, or gradual too.
Retroactive date if claims-made	A claims-made policy only answers for events after its retroactive date.	The date must carry across to any new insurer, or past production is uninsured.

WHY WE RAISE IT FIRST

South Africa's 2018 listeriosis outbreak, traced to a processed-meat factory, showed how a single contaminated product reaches every customer a distributor supplies. A food group's largest single loss is far more likely to come from a product than from a truck. **We have not yet seen any policy that shows this cover is in place for your group.**

COMPANY	ROLE UNDER SECTION 61	WHAT ITS LIABILITY COVER MUST INCLUDE
Bandini Cheese	Producer	Products liability for cheese and dairy; recall
Fresco Foods	Producer	Products liability for manufactured foods; recall
Fresco Beverages	Producer	Products liability for bottled drinks; contamination
Impact Distributors	Importer, distributor	Products liability for every brand it sells, including imported ranges
Elena's Delicatessen	Retailer	Products and public liability at the shop

IF YOU ALREADY HAVE IT

Nothing changes. We will check the limits and wording against the list above and tell you in writing whether anything should be raised.

IF YOU DO NOT

We will quote products liability and recall together, with the five companies named, before anything else on the account is moved.

Excess, tracking, values and your loads

TERM	BRYTE RENEWAL	VAPS QUOTATION
Truck and trailer excess	Option 1: 10% of claim, minimum R30,000, at a higher premium. Option 2: 20%, minimum R30,000, with 10% bought back for R421,650 a year.	10% of claim, minimum R30,000 (over R200,000); reducers not yet priced.
Cars, SUVs, bakkies	Buy-back of 5% for R130,867 a year.	5% of claim, minimum R2,500; theft 10%, minimum R2,500.
Theft or hijack, trucks	To confirm.	15% of claim, minimum R5,000.
Plant and special types	Third party only: no damage or theft cover.	Comprehensive.
Third party	To confirm.	R2,500,000; R1,000,000 for fire. We will ask for R5,000,000.
Goods in transit	Not on the renewal summary.	Not taken.
Basis of settlement	To confirm.	Retail value unless agreed value is written in.

YOUR CLAIMS, AGAINST A R30,000 MINIMUM

The claims you declared total **R3,843,726.04**, of which **R1,876,816 is theft**. Under a standard 10% minimum R30,000 truck excess and 15% theft excess, those same claims would have cost you **at least R496,893** yourself. Both insurers recognise this: Bryte by selling a buy-back, VAPS by offering excess reducers. We will put the two prices side by side.

TRACKING IS A CONDITION OF THEFT COVER

VAPS pays no theft or hijack claim on a vehicle worth over R200,000 without an approved, working, monitored tracking unit with recovery: about **93 to 112 of your vehicles**. Larger trucks on longer routes also need two-camera video telematics, and trailers their own trailer unit. With theft at half your claims, this should be in place whichever insurer you choose.

YOUR DECLARED CLAIMS	CLAIMED	EXCESS, AT LEAST
Theft and stolen vehicles	1,876,816.18	281,522.43
Own damage, incl. recoveries from third parties	1,711,448.16	171,144.82
Accidental damage, trailer roof	170,601.76	30,000.00
Own damage only · windscreens · possible TP	84,859.94	14,226.00
Total	3,843,726.04	496,893.25

BRYTE'S OTHER OFFER: AN AGGREGATE EXCESS

Bryte has also offered a structure in which you carry the first **R2,500,000** of truck and trailer damage claims each year yourself (up to R250,000 a claim, with an inner excess of R20,000), in exchange for a lower insurer premium of **R1,972,073 a year**, of which 90% (R1,774,866) is payable up front. If claims pass 60% of that deposit, the balance becomes payable at once. On a claims record like yours we would want to model this carefully before recommending it; we will do so once we have the claims dates.

AGREED VALUES AND A VEHICLE LIST

VAPS insures your fleet as nine groups with a count and a total, and settles on retail value unless agreed value is written in. Your fleet list with agreed values should be attached to the schedule, vehicle by vehicle, whichever insurer you choose.

Your full picture first, then a recommendation

WHAT WE WILL DO

- 1 **Request your Bryte schedule**
Using the letter you signed on 2 October: the full schedule for COM208596JB, the renewal increase, your claims history, and any other policy Bryte holds for the group.
- 2 **Find the rest of your cover**
Property, liability and recall may sit with another insurer. Tell us who, and we will request those schedules too.
- 3 **Close the gaps first**
Products liability and recall, goods in transit, and deterioration of stock, priced before anything is moved.
- 4 **Complete the fleet comparison**
Bryte's renewal with its increase against VAPS with excess reducers, agreed values, R5,000,000 third party and all five companies named.
- 5 **One recommendation, in writing**
With every reduction in cover disclosed before you decide.

WHAT WE NEED FROM YOU

- | | |
|---|--|
| ☐ Who insures your property and liability | ☐ Fleet list with agreed values |
| ☐ Registration and VAT numbers, all five companies | ☐ What the special types are |
| ☐ Who rides in the bus | ☐ Truck departure times |

YOUR RECORD OF ADVICE

Replacing a policy means any reduction in cover must be disclosed to you in writing before you decide. Until we have Bryte's full schedule we cannot list those reductions; they will be set out for you before you are asked to sign anything.

ON THE SAME VEHICLES

-R6,489/mo

VAPS against Bryte's renewal before its increase, with your plant insured comprehensively instead of third party only.

THE GAP TO CLOSE FIRST

Products and recall

The largest loss a food group is likely to face, and not yet confirmed on any policy we have seen.
