

RM PLAYBOOK · THE BANDINI GROUP · 8 OCTOBER 2026

Don't Sell the Fleet. Sell the Whole Group.

Bryte is the incumbent. On the same vehicles VAPS is **R6,489 a month cheaper** before Bryte's increase, and insures the plant Bryte leaves on third party only. But this is **five food companies on three sites**, and nobody has shown us their products liability, recall, GIT or property cover.

BRYTE, BEFORE INCREASE

Flat on the vehicles, before Bryte's increase

Source: the scan of 2 Oct (claims declaration, broker authorisation letter, Bryte's "October 2026 Renewal" page and its aggregate excess page) and VAPS54248. **Bryte policy COM208596JB**. Bryte's figures are annual; divided by 12 here.

GROUP	B / V UNITS	BRYTE /MO	VAPS /MO	MOVE	BRYTE RATE
Trucks (HCV M8)	42 / 42	76,338.67	81,843.75	+5,505.08	3.26% v 3.75%
Trailers ("goods vehicles" M8)	30 / 32	43,843.33	32,243.33	-11,600.00	2.80% v 2.00%
SUVs (Bryte M1 cars)	19 / 19	28,168.80	36,231.25	+8,062.45	3.22% v 3.75%
Bakkies and cars (Bryte M2)	19 / 24	12,336.07	12,281.25	-54.82	3.66% v 3.75%
Special types, plant, bus Bryte TPO in 3 groups; VAPS comprehensive	49 / 38	15,738.33	4,677.51	-11,060.82	TPO
Sasria		16,535.36	19,194.70	+2,659.34	
Same vehicles	159 / 155	192,960.56	186,471.79	-6,488.77	
+ VAPS roadside and windscreen		?	33,470.00	+33,470.00	
As quoted		192,960.56	219,941.79	+26,981.23	

WHAT MAKES THE BRYTE NUMBER SOFT

- "Renewal increase to be applied on 1, 2, 3, 4" (trucks, trailers, both car groups). **Percentage not stated**. Every 5% on those lines is about **R8,034 a month**.
- VAT inclusive or not is not stated on the summary. Ask.
- No roadside, windscreen or extensions shown. If Bryte includes them, the as-quoted gap narrows.

WHAT MAKES THE VAPS NUMBER SOFT

- Subject to 3 years written claims. R3.84m declared, period unclear (only "2026" on line one).
- Adding reducers, GIT, R5m TP and bus passenger liability all raise it.
- Valid to about 6 Nov.

IF BRYTE'S INCREASE IS X%, WHO IS CHEAPER?

BRYTE INCREASE ON LINES 1 TO 4	BRYTE /MO	VAPS SAME VEHICLES	VAPS AS QUOTED
0%	192,960.56	-6,488.77	+26,981.23
5%	200,994.90	-14,523.11	+18,946.89
10%	209,029.25	-22,557.46	+10,912.54
15%	217,063.59	-30,591.80	+2,878.20
17.5% (break-even as quoted)	221,080.76	-34,608.97	-1,138.97

TELL THE CLIENT THIS, IN THIS ORDER

"Op dieselfde voertuie is VAPS 'n bietjie goedkoper as Bryte se renewal, nog voor Bryte se increase. En VAPS dek julle plant en forklifts comprehensive, waar Bryte net third party gee. Maar die groter vraag is wat nie op enige van die twee polisse is nie."

Five companies, three sites, one family

Family business since **1957** (Omero and Elena Bandini); brothers **Rob and Morris Bandini**, both engineers, have run it since the early 80s. Privately owned. U.S. Bandini signed the broker authorisation letter.

THE COMPANIES

Impact Distributors distribution, management, sales, admin, finance	Robertsham
Bandini Cheese mozzarella, milk, butter, cream	Doornkop
Fresco Foods manufacturing	Robertsham
Fresco Beverages "state-of-the-art" bottling plant	Eikenhof
Elena's Delicatessen	?

THE SITES

15 Landsborough St, Robertsham VAPS prints "Landborough"	HQ, fleet
Plot 109, Hopewell St, Doornkop South Roodepoort, smallholding	Factory
96 Bronk Drive, Eikenhof	Bottling

The **7 tractors and 12 farm implements** almost certainly live at the Doornkop plot. Ask if there is a dairy herd: if so, livestock cover is another conversation.

WHAT THEY SELL: ABOUT 25 RANGES, NOT JUST CHEESE

Mozzarella filata, cheddar, gouda, soft, mould, hard and brine cheeses, butters and fats, Fresco foods and beverages, **Divella wheaten products** (an Italian pasta brand, so probably imported), tomato products, processed meats, marine products, pizza ingredients, vegan products, cakes and breads, sauces, oils, cleaning and packaging products. Customers **register online to order**. That is a pizzeria and food-service distributor.

WHAT THIS CHANGES

The VAPS quote names **Impact Distributors (Pty) Ltd only**, misspelt, as a "Transport Contractor". Whoever owns the trucks, the stock and the factory must be named. Get **CIPC numbers for all five**; the broker authorisation letter was signed for "Impact Distributors" only, so the other four may need their own.

ENTITY WORKSHEET	CIPC REG	VAT	ON VAPS?	ON BRYTE?
Impact Distributors (Pty) Ltd	?	?	Yes, misspelt	Yes
Bandini Cheese	?	?	No	?
Fresco Foods	?	?	No	?
Fresco Beverages	?	?	No	?
Elena's Delicatessen	?	?	No	?

THE PLAY

A motor quote gets you a fleet. A group review gets you the account: products liability and recall, GIT, three sites of property, deterioration, machinery breakdown and BI. **That is what Bryte's broker has not shown the client, and what we can.**

Products liability, recall, and section 61

Consumer Protection Act, section 61: the producer, importer, distributor and retailer are each liable for harm caused by unsafe goods, **without proof of negligence**. This group is all four: Bandini Cheese and Fresco produce, Impact imports and distributes, Elena's sells.

ASK THE CLIENT, THEN BRYTE	WHY
Who carries products liability?	Limit per event and aggregate; all five companies named; imported ranges included.
Any manufacturing exclusion?	CS Continental's OUTsurance wording excluded harm from goods the insured "prepared and packaged". A cheese maker hits that head-on.
Claims-made? Retro date?	If claims-made, the retro date must carry across or past production is uninsured.
Product recall / contamination?	Usually a separate policy. Most SA food SMEs do not have it.
Pollution?	Dairy effluent at Doornkop; ammonia if the cold rooms use it.
Who insures the property?	Factory, warehouse, bottling plant, stock, BI. Might be Bryte under COM208596JB, might be elsewhere.

IN THE ROOM

"As een batch mozzarella besmet is en dit gaan na honderd pizzerias, is julle aanspreeklik, al het niemand 'n fout gemaak nie. Dis die Consumer Protection Act. Wie dek julle vandag daarvoor, en vir hoeveel? Want dit is 'n groter risiko as enige trok."

THE PRECEDENT, USE IT CAREFULLY

The 2018 listeriosis outbreak, traced to a processed-meat plant, is the example every food business in SA knows. Do not dramatise it; just ask what would happen if it were their product.

HOW TO PRICE IT

Products liability usually sits in a broadform liability section rated on turnover. We will need **group turnover by company**, export sales if any, and product types. Recall needs a separate submission: recall plan, batch traceability, largest customer.

LIABILITY AND RECALL SUBMISSION: WHAT THE MARKET WILL ASK FOR

- | | |
|--|--|
| ☐ Turnover by company, last and next year | ☐ Export sales, if any (Namibia, Botswana?) |
| ☐ Product list and imported brands | ☐ Food safety certification (HACCP, FSSC 22000) |
| ☐ Recall plan and batch traceability | ☐ Largest customers and contracts |
| ☐ Liability claims in 5 years | ☐ Current liability limits and retro date |

ALSO ON THE NEEDS LIST (PROPOSAL PAGE 3)

GIT with deterioration in transit and driver dishonesty · deterioration of stock in cold rooms (check for a load-shedding exclusion, as on Vuyos) · machinery breakdown on pasteurisers, boilers and the bottling line · BI (one cheese factory feeds the whole distributor) · fidelity and money · accounts receivable or trade credit (they sell on account to restaurants) · cyber (online ordering, POPIA) · GPA for drivers.

Read Bryte's two options before you compare

BRYTE OPTION	WHAT IT SAYS
Option 1	Keep HCV and trailer excess at 10% of claim, minimum R30,000 , and increase the premium and the deposit premium.
Option 2	Excess rises to 20%, minimum R30,000 ; buy back 10% for R421,650.44 a year on 72 HCV and trailers (R46,850,049) and 5% for R130,866.57 on 38 PMV/LDV (R14,540,730). R552,517 a year, R46,043 a month , to stand still.
Aggregate excess	Client carries the first R2,500,000 a year of truck and trailer Subsection A claims, stop loss R250,000 , inner excess R20,000 , outer 20% min R30,000 once the fund is used. Insurer premium R1,972,073 (HCV/trailer TPF&T and reinsurance R1,054,125, LDV R222,049.20, PMV R507,038.80, special types R188,860). 90% deposit R1,774,865.70 up front ; burner 60% = R1,064,919.42 ; past that, the balance is due at once.

ASK WHICH OPTION THE CLIENT IS ON, AND DO THE SUM

Declared own damage on trucks and trailers is about **R1.88m** and theft **R1.88m**. If that is a single year, the aggregate structure has them paying most of their own truck losses plus R1.77m up front. If it is three years, it may work. **The claims dates decide it.** "Subsection A only" also means theft of trucks may sit inside the fund: confirm with Bryte.

VAPS, AS QUOTED

- HCV over R200k: 10% min R30,000; theft 15% min R5,000; +5% between 23h00 and 04h00.
- No reducers taken. Ask VAPS to price OD, theft and TP reducers to put beside Bryte's R552,517 buy-back.
- Agreed value not stated: retail at date of loss unless written in (cap retail + 20%).
- No GIT. TP R2.5m / R1m fire. Passenger liability not on the bus.

TRACKING, THE CARTRACK PLAY

- VAPS: tracking with recovery on everything over R200k = **93 to 112 units**; video telematics on HCV over R800k; trailer units on trailers over R200k.
- Theft is **R1,876,816 of R3.84m**. Find out what is fitted and by whom.
- Bryte's tracking endorsements: get them from the schedule.

DECLARED CLAIMS (PERIOD UNCLEAR)	CLAIMED	BASIS	VAPS EXCESS, AT LEAST
Theft / stolen vehicles	1,876,816.18	15%	281,522.43
Own damage, recovered from TP	1,711,448.16	10%	171,144.82
Trailer roof struck while parked	170,601.76	min R30k	30,000.00
OD only, windscreens, possible TP	84,859.94	10% / 20%	14,226.00
Total	3,843,726.04		496,893.25

VAPS QUOTE CORRECTIONS STILL OUTSTANDING

Name "Impact Distributots" · business "Transport Contractor" · all five companies to be named · reg and VAT blank · inception 01/10/2026 already past · windscreen printed as "FLEET Item 1, 12" · hail line on page 18 ("vehicles in the open not under carports or hail nets: not covered") to be confirmed not to apply.

The Naked Truth

Where this pack is weak. **Raise them first.**

1 ▶ "VAPS is R27,000 dearer"

As quoted, yes. R33,470 of it is roadside and windscreen Bryte may or may not include.

SAY "Op dieselfde voertuie is VAPS R6,489 goedkoper. Die res is roadside en windscreen. As julle dit nie wil hê nie, haal ons dit uit."

2 ▶ We do not know Bryte's increase

The comparison is against a renewal that has not been priced yet.

SAY "Bryte het nog nie gesê hoeveel die increase is nie. Ek vra dit vandag, dan wys ek die regte verskil."

3 ▶ Two different fleet counts

Bryte 159 units, VAPS 155. Trucks R1.87m higher at Bryte. The fleet list settles it.

SAY "Ek wil elke voertuig op die lys sien, met sy waarde. Dan weet ons albei kwotasies dek dieselfde."

4 ▶ "We have products liability"

They may. We have not seen it. Do not imply they are uninsured.

SAY "Goed, stuur vir my die skedule. Ek wil net seker maak al vyf maatskappye en julle invoere is daarop."

5 ▶ The claims period

Only "2026" is written on the declaration. If R3.84m is one year, both prices move.

SAY "Watter jare is dit? Dit bepaal alles: die prys, die excess en of die aggregate opsie sin maak."

6 ▶ Tracking cost lands on them

Up to 112 units plus video telematics.

SAY "Met diefstal as die helfte van julle claims, sal enige versekeraar dit vra. Dis wat julle eis laat betaal."

7 ▶ Bryte's aggregate looks cheaper

R1.97m insurer premium against R2.32m, but the client funds up to R2.5m of truck claims and pays 90% up front.

SAY "Die laer premie is omdat julle self die eerste R2.5m se trok-eise betaal. Met julle claims history moet ons dit eers uitwerk."

8 ▶ Our own quote has errors

VAPS misspells the name, calls them a transport contractor and names one company of five.

SAY "Ons het dit self gevang en laat regmaak. Dis presies hoekom julle 'n broker wil hê wat die papierwerk lees."

BOTTOM LINE

The fleet is close on price; the account is wide open. Win the review by showing them what nobody has: which company carries products liability, whether there is recall cover, and whether their loads, cold rooms and factory are insured. Then the fleet follows.

Your moves, in order

1 E-mail Bryte today with the signed letter

Full schedule for COM208596JB, the renewal increase, 3-year claims, all policies for the group. Draft supplied by Anne.

2 Ask the client who insures the rest

Property, liability, recall. If not Bryte, a second authorisation letter for that insurer.

3 Get the claims dates and the option

Which years make up R3.84m; which Bryte option they are on (10%, 20% with buy-back, or aggregate).

4 Send VAPS the fleet list

Agreed values, all five companies, GIT, reducers, R5m TP, bus passenger liability. Through FSP, ref 49275144.

5 Tracking audit

What is on the 42 trucks, 32 trailers and 19 SUVs, who supplies it, is it monitored.

"Bryte het ons al jare, hoekom moet ons skuif?"

✓ "Julle hoef nie noodwendig te skuif nie. Ek wil eers sien wat Bryte en julle ander versekeraars dek. As alles reg is, sê ek so. Maar niemand het nog vir julle gewys of julle products liability en recall cover het nie, en dis die grootste risiko in 'n kosbesigheid."

"Die prys is al wat saak maak."

✓ "Op die trokke is die verskil klein. Waar julle geld kan verloor, is 'n besmette batch, 'n gehijackte load of 'n koelkamer wat afgaan. Kom ons maak eers seker dit is gedek."

This week	Bryte e-mail out; client asked about other insurers, claims dates, Bryte option
Next week	Bryte schedule in; liability and recall submission to market; VAPS revised
By end October	Group review presented with one recommendation and the record of advice
About 6 November	VAPS54248 expires; ask for an extension if needed

☐ Bryte e-mail sent with BAL	☐ Bryte increase %
☐ Claims dates	☐ Bryte option in force
☐ Property / liability insurer	☐ CIPC numbers, 5 companies
☐ Fleet list to VAPS	☐ VAPS valid to about 6 Nov
